A reminder - friends, that membership is due for renewal each year. As we need to remain up to date with data protection law please complete the form attached and ensure that if you are a full member, that you have signed the church roll book. Subscription remains at £10 per year.

Dear members,

This past year has seen some frustrating and testing times for our church community and as this year ends and a new year approaches, the committee wishes to share with you some of the changes that have taken place to enable our church to blossom and grow forwards.

You may be aware that the SNU received complaints about a member of our church and instigated a process of investigation. The process involved our then President having to step back from the church pending the findings of the investigation and when reinstated, he chose to resign. The entire process was confidential and we were unable to answer the many questions put to us by members, or to challenge the many rumours that were circulating.

As part of the complaints process the investigating panel reported that they felt the church administration and management was not satisfactory and the SNU (our governing body) placed our church under the supervision of their appointed Officers. All committee work was put on hold pending this including holding an AGM. Willing church members were appointed as Acting Officers and Committee and training continues to be given in acceptable management practice.

Updating the church management has meant closer regard to Health and Safety issues and the legal requirements of the Charities Commission - if this means a little change to the way things have been done before, please understand why it may be necessary.

The committee continues to work hard on your behalf to keep the doors open and to organise a variety of services and events to enable everyone

to learn more about Spiritualism - not just a religion, philosophy and science, but a way of life. Let's all work together to build the community that is our church.

Thank you all for your continued support during this time.

Dates for your diary
